

## Button Tester BC-15 / PGC-BC

### Grip and fixture for tension tests with sewed buttons

#### Features

- Easy sample set up by one touch lever operation.
- Convenient for buttons with max. 15 mm diameter

### Applications

- Button tester to determine the tear-off forces of sewed buttons.

### Notes

- Particular materials and shapes can not be used.
- Combining with a test stand, more stable measuring becomes possible.
- All information is subject to change without prior notice.
